Newsletter No.168

Hello to Everyone,

Planting the winter crops is all but completed. Summer crop harvesting for most is still continuing. The rain was very welcome and reassuring.

Guess we now look forward to an excellent start to another cropping season and the next rain event. Certainly Finley and Deniliquin had heavier falls than Berrigan and Jerilderie areas. The Berrigan community is under pressure currently. Firstly we are trying to adjust The Berrigan Sporties becoming our town owned community club. The volunteer committee that over sees that process are to be commended for their patience (with Barooga) and their commitment. If you can help out please let one of the committee know—Steve Malcom on 0427 315 249, Jill Loats, Janice Graham, Paul Barret, Barry Hutchinson or Val Chisholm.

We are still trying to get use to the Newsagency being down the Albury road at the service station. A consequence of the Newsagency move is, where does the town position its street stall? To gain maximum exposure with the least inconvenience to the shop keepers and shoppers? Then we have the pending closure of Berrigan's last bank— The NAB on the Friday July 7th— only six weeks away. There is no doubt that financial institutions are in retreat from rural communities— Citing that Greater profits for their shareholders can be made by moving their customers over to the electronic online banking.

It will be a tough road to travel if Berrigan desires to have a financial institution— The question is are we strong enough as a community to stand up as one against the trend of the big 4 banks?

Cheers and good health

John P Lane
