Hello everyone,

The festive season has arrived along with summer crop planting, hay making and harvest. Somehow we are going to crowd three and half months of work activity into seven weeks of time. It rained close to non stop for five months then just as the rain had come from nowhere - the rain stopped. It has been a very unusual spring, cool and temperate. How strange that the most challenging aspect of gardening or socializing outdoors currently is dealing with the mosquito invasion.

The Berrigan Cup races were very successful and we look forward to the market night here in Berrigan on Friday 2nd December. This provides a wonderful opportunity for family and friends to meet at a casual event that provides a unique view of the Berrigan main street. This year we have local band Mulberry Street as our main live entertainment with a couple of pleasant surprises also in the pipework.

The Dawmac Breakfast makes history this year - being held on Saturday the 24th of December (Christmas Eve) over at the Big Store. Hopefully by then harvest will be completed for the majority and giving most people the opportunity of attending the breakfast and unwinding prior to Christmas.

We should also note, on market night the Berrigan Red Cross Mini Fashion Extravaganza is also a big draw on Friday 2nd December - with great value fashion clothes available for a wide range of ages and sizes. These are all brand new clothing that have been cleared out by fashion houses to make way for new season stock. This is another great reason to attend the market night.

So from now until Christmas it will be head down, tail up to achieve the maximum possible in the time available.

On a personal note, I would like to thank Max Parsons from our Finley shop for his 24 years of very loyal service. Last Thursday, 10th November was Max's last day working with the Dawmac team. Wendy and myself wish Max and wife Robin every success and good health in their move to Yea, Victoria coming up in January. Again thankyou Max.

Cheers and good health
