Rain-What a season.

Who would have ever predicted we would be damp throughout Winter and wet into Spring? The Winter crops are now guaranteed of a finish without any irrigation water which is very convenient considering the water allocation is zero. Our best hope is for a late down pour up in the catchment now that the ground is actually wet and there is run off water. It certainly will be very interesting to see the future as it unfolds. With the start of Spring we start the busy season - events and functions on every weekend. Especially with the warmer weather people manage to get out and about a lot more.

Time to get that Summer vegetable garden started, plant those new shrubs and trees to freshen up the garden. Remember to support the Berrigan Plant Shop which is run by volunteers, raising money to keep the Anglican St Aidans Church functioning. Those coming into Dawmac will find a new administration team. We welcome Tanya Romancewicz and Tamara Graham as our two permanent administration staff along with Raj. For those that are interested Raj returns to Berrigan and Dawmac this coming Thursday 10th September after spending the last 5 weeks or so in Sri Lanka getting married. He is returning to Berrigan with his wife. Please welcome her to our community.

Cheers and good health

Tamara Graham

Dawmac would like to welcome Tamara Graham to the Administration team. Tamara grew up in Berrigan, before moving away to become a Chef. She has previously worked at Jerilderie Fertilisers, and at Berrigan Rural. Tamara is a community based individual, volunteering time to the NSW Rural Fire Service, the Red Cross and the Berrigan A & H Show Society.
