## Newsletter No. 150

**Welcome to Summer (in Spring time).**  
 A taste of our summer to come? The dry has certainly set in and with only a 6% allocation of Irrigation water in the Murray Valley we will all experience an economic slow down over the summer months. Anyway the social events will continue with the next big event being the Berrigan Gold Cup on Saturday 31st October (the Saturday prior to the first Tuesday in November).

**Congratulations to both the Finley and Berrigan Show Committees for again putting on two really good shows. The volunteer hours that go into every show are near un-calculable. A big thank you to everyone that was involved with either show as a worker, a judge, a participant, an exhibitor or just part of the crowd. Every piece fits to make these events unique and very important to our local economy. We all need to think about how we can each or as a group help support these events.**

**See you at the Berrigan Gold Cup!**

Cheers and good health

## Congratulations Harley

**Harley is now able to re-gas  
 your air-cons without  
 supervision!**

Congratulations go to Harley on recently attaining his Refrigerant Handling Licence. This involved completing multiple theory units and passing a practical exam. Harley is almost at the end of his Automotive Electrical Apprenticeship. He has now completed all of his schooling at Kangan Batman Docklands.

## Wodonga Holden Scramble 2015 Jack Kimpton –the next ‘Happy Gilmore’

Jack recently competed in the Wodonga Holden Scramble. He was part of a team of four. Below is his recap of the day...

Starting the day we had quite a low handicap, but hitting 10 under off the stick helped us win the Tournament quite comfortably. This resulted in enjoying a lot of beers that evening. Now off to Yarrawonga in October for the next round.

### PLEASE NOTE: Air Liquide Cylinder Exchange

Technology has caught up to Cylinder Exchange.  
 As you are aware supply is conditional on

- You bring in your empty cylinder
- Your rental account with Air Liquide be up to date

We are now required by Air Liquide to record the Serial Numbers of both your empty cylinder and the full cylinder being supplied.

Cylinder control is now handled with Air Liquide online.

## Tanya Romancewicz

We would like to welcome Tanya as the new Team Leader of our Administration Team. Tanya grew up in Wollongong and moved to the area last September when her husband, Andrew, was transferred to the Jerilderie Police Station. They have three children. Daniella and Joseph live in Melbourne, and their youngest, Luke, attends Finley High. Her background is in Accountancy, and has always been employed in the Construction Industry. She has also been nursing for the last 8 years. Prior to joining our team she was working at Murray Irrigation. In her spare time she enjoys spending time with her Family doing outdoor activities including water sports and motorbike riding.

## Congratulations Raj

We would like to welcome back Raj, and introduce his beautiful wife, Inoka. They met last July in Sri Lanka and were married on the 20th August 2015. Inoka was a Quantity Surveyor in Sri Lanka. She has two sisters. One lives in Melbourne and one in Sri Lanka. Raj and Inoka are both now residing in Berrigan and hope that you will all make her feel at home in our community.

### Deniliquin Legacy Raffle

The Legacy raffle for an Engel fridge/freezer drawn at this years Deni Ute Muster was a roaring success.

All tickets were sold and as a result a total of approximately \$3,500 was raised.

Our congratulations to the winner-  
**David Barlow of Jerilderie**

## Jack's Corner

### **TIPS TO PREVENT AUTOMOTIVE AIRCONDITIONING FAILURE THIS SUMMER:**

The main thing Air-Conditioning Technicians come across in a faulty A/C system is a blocked evaporator and cabin filter. They will cause the A/C system to fluctuate on and off. The operator will notice lack of air coming out of the vents.

Get in early and get your evaporator and cabin filter checked before it starts getting too hot.
