**Newsletter No. 156**

Welcome to the dry Autumn of 2016. The weather is beautiful – warm days and cool nights – a little shower of rain to clear the dust and smoke from the air would be appreciated.

ANZAC Day 2016 is fast approaching -Monday 25th. How will you remember those innocent young Australians that 101 years ago landed at Gallipoli on the Turkish Peninsula? ANZAC Day has become increasingly more important and significant in our short Australian European history.

The Riverina Highway that runs through Berrigan as Chanter Street is an interesting roadway. There is no doubt that traffic levels over the past few years have increased significantly but only during the daytime. At night this highway is very quiet - like an abandoned house. Daytime traffic that has increased are heavy transport and the Grey Nomads - caravans and campers. How fortunate Berrigan has been to have Gary and Helen Leahae take over the management of the town caravan park - they are doing a great job presenting a good product to clientele.

Mothers Day 2016 - second Sunday in May - the 8th. A wonderful excuse for families to have a special gathering. Plenty of events to choose from or you can organise your own family event.. It doesn't have to be expensive - just give your time for a few hours on that Sunday.

Enjoy and Celebrate

Cheers and good health

**ANZAC DAY**

ANZAC Day goes beyond the anniversary of the landing on Gallipoli in 1915. It is the day on which we remember all Australians who served and died in war and on operational service. The spirit of ANZAC, with its qualities of courage, mateship, and sacrifice, continues to have meaning and relevance for our sense of national identity. The march in Berrigan begins at 9am from the Berrigan Post Office, after the march there will be a service held inside the hall followed by a morning tea in the supper room. This year marks the 101st Anniversary of the landing of ANZAC troops on Gallipoli.

# MOTHERS DAY

Mothers day is fast approaching and its time to start thinking about ways in which to show your mum how much you appreciate and love her. Mothers day originated from The United States and The United Kingdom. However, it is an Australian who is credited with having started the tradition of giving gifts on Mother's Day: Janet Heyden, a resident of Leichhardt Sydney, started a campaign in 1924 to collect gifts for lonely aged mothers.

Popular gifts on Mothers Day include flowers, chocolates and cards to show your appreciation for everything your mother does. The carnation is the flower that is symbolic towards Mothers day. If you feel like doing something with your Mother on Mothers days there are a few things being held in the community.
