## Newsletter No. 159

Hi to everyone,

Wow- It is now wet. Very wet. This must be the wettest this area has been since the 70's and early 80's. It should be a chance to fill the Hume Weir. Already the Hume Dam is at 41% capacity, which is an excellent indicator this early into Winter/ Spring period. Dartmouth Dam is at its lowest level since 2009. It has just started to show a slight increase in it's capacity, now holding 47%, from a low in April of 43.2%.

I see the BADS (Berrigan Amateur Dramatic Society) have their Production for 2016 coming up in July. Dates are Saturday evening 23rd, Sunday 24th Matinee, and Friday and Saturday nights on the following weekend 29th and 30th. Get a group together or a few friends. It is a very cheap night out and shows support for these dedicated people who volunteer their time to provide this entertainment in our district.

Recently Berrigan and District has witnessed the passing of two old characters in Tom Ryan and Ian Fuzzard. Both lived full lives and filled their time with community service and activities. Both will be missed and our positive thoughts for lives well lived go to their families.

Fuzzie was a Berrigan stalwart- right to his final days- also wanting to be helpful, always working behind the scenes, never asking for anything more than people to enjoy the benefits of his work.

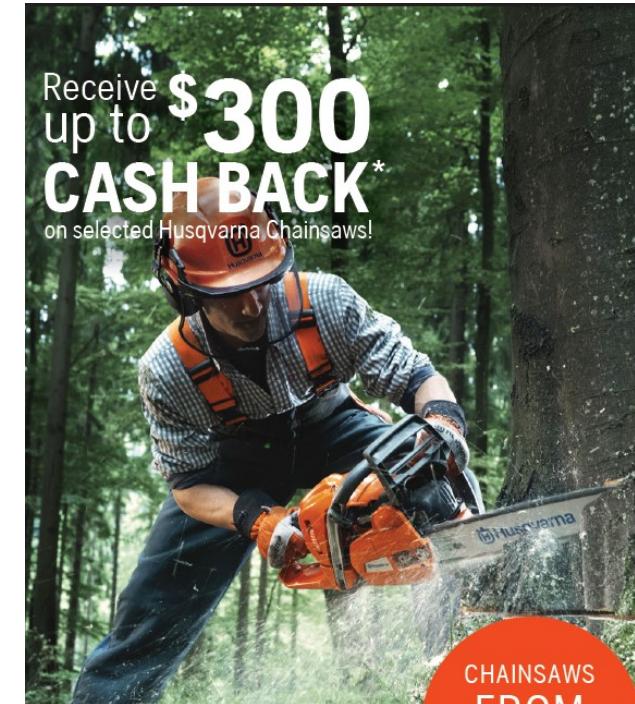

Remember coming up next month- On Sunday 28th August at the Berrigan Sporties we have the 'Welcome to Berrigan Barbeque'. Bring along a new neighbor or friend for a social meet and greet.

Staff gathered at the Berrigan Sporties last Wednesday 6th July to wish Raj and Inoka a fond farewell. We wish Raj and Inoka good fortune.

Talk soon- try to keep dry.

Cheers and good health

John P Lane  
Managing Director
