Newsletter No.192

Hi to Everyone,

How was that rain event? Finally after all the forecasts and potential rain events that have slid South or gone North around us over the past 18 months, our region finally received rainfall of measureable and beneficial quantity. The rainfall event was as the climate change scientists predicted, fast and furious with uneven rainfall across the region. Now we await the next predicted rain event to see if the pattern has turned or the drought features again continue. Our Federal election for the seat of Farrer—time for the people of the electorate to unite and deliver our current sitting member Susan Ley a message on her past performance. For the first time in this electorate we are witnessing people power in action. What has been an extraordinarily safe seat for the Liberal Party has suddenly become a marginal seat and very much a key seat. For NSW Susan has done very poorly in representing her people in Federal Parliament, the seat of Farrer traverses the area and Murray River frontage from Albury to the South Australian border (Wentworth). Also Griffith, Narrandera, Leeton and Hillston are within Farrer. Nine candidates have nominated for Farrer. We need to choose one other than Susan, our votes will count, we need to choose a candidate, not a party. My choice is Kevin Mack, an independent and current Mayor of Albury. Election day is Saturday the 18th of May 2019. A vote for Kevin Mack will (I believe) give us a say in our future.

Cheers and Good Health—John P Lane (Managing Director)

Welcome Blake Harris

The DAWMAC team extends a warm welcome to our newest afterschool employee, Blake Harris. Blake is the oldest of 4, with 3 brothers and one sister. He is currently in year nine at Finley High School, studying; history, science, PDHPE and food technology. His interests include gaming and various sporting activities.

Husqvarna Battery Operated Items

When transporting and storing your Husqvarna battery powered items, it is essential to remove the battery as per the operators manual. If left fitted to units for extended periods of time, batteries may discharge to a point where they can no longer be recharged. **So remove your batteries to ensure maximum efficiency and prolong their lifespan.**

Where: Tocumwal Recreation Reserve - Morris St, Tocumwal

When: Sunday, 12 May 2019

The event starts at the Tocumwal Recreation Reserve and winds its way down to Town Beach then along the beautiful River Walk along the top of the picturesque Levee Bank to the Old Bridge and back along our lush Foreshore Park.
