Newsletter No. 219

Hello to everyone,

Would appear we live in the 21st century and in NSW. Covid-19 continues to impact all of us as we debate our roles and responsibilities living in a community. What is more important, our individual importance or a sense of all for one. Our community, our state and our country.

24th August 2021 marks the commencement of the Paralympics in Tokyo, with Australia sending 179 athletes to compete in 18 of the 22 sports on offer. Another opportunity to cheer Aussies on.

With the current NSW statewide Covid lockdown, we are again reminded how important it is to support local – to shop and utilize local trades people to the best of your ability. The old saying is very true – if you don't use it, you'll lose it. Helping to keep local businesses profitable is not a sin – it keeps them trading and allows others who are less mobile or not as technology astute, to purchase in their own towns, goods and services. Berrigan has a lot of people living on their own – could be your neighbor or an acquaintance. Takes a little of your most valuable asset - time - to check on their wellbeing and needs. Now is our time to show true Australian spirit by working together to get our community through these challenges and emerge at the end stronger and more knowing that we all live in a wonderful part of the world – Australia

Until next month - stay fit, stay safe and stay healthy

Cheers and Good Health—*John P Lane (Managing Director)*
